DAILY RECORD-UNION

WEDNESDAY.....SEPTEMBER 30, 1885

NEWS OF THE MORNING.

In New York yesterday Government bonds were quoted at 12% for 1907; 11½% for 4½%; sterling, \$4 84/4 86; 10½% for 3s; silver bars, 100s.

Sterling in London, 47½d; consols, 100d; 5s per cent. United States bonds, extended, 100s; 4½%, 105%; 5%, 115%.

The stock market opened at San Francisco yesterday morning in a spiritless manner, with dull business and a tendency to weaken. At noon Sierra Nevada sold at 80 cents, Best & Belcher \$1 40, Choller \$1 40, Hale, H. C. & Son, 75 cents; Opium 75 cents, Peacock 75 cents, Union 60 cents, Con. Virginia \$1 30.

Lyman Andrews dropped dead at the breakfast table in Fresno yesterday.

Four negroes were murdered by unknown parties at Austin, Tex., Monday night.

Edward A. Stevenson has been appointed Governor of Idaho Territory.

The President has appointed William B. Webb to be Secretary of the Territory of Montana.

A mob lynched four negro murderers near Pittsfield, N. C., Monday night.

The report of the victory over the Apaches by United States troops in Arizona is not confirmed, and it is thought to be a canard.

Hughie Williams, of Los Angeles, has signed the new license ordinance.

The New York Herald says it does not believe Hill can be elected Governor.

A boy was drowned in the river at Naples yesterday.

Car has formally accepted the Republican nomination for Lieutenant-Governor of New York.

Eight-two yachts will participate in the fall regatta of the Kielbocker Club, which takes place at New York to-day.

Owing to an advance in freight rates no more salmon will be shipped to New York from Portland, Or.

Disintegration is rapidly taking place in Cleopatra's Needle in Central Park, New York.

General and General's tomb will be continued until January 1st.

Several polygamists were sentenced to fine and imprisonment in Salt Lake yesterday.

M. D. Kellogg is in trouble at San Bernardino for practicing medicine without a diploma.

The diphtheria scare at Merced has subsided.

Three human skeletons were unearthed near Merced.

The Apache Indians are returning to Arizona from Mexico, and the Territorial militia are ordered to hold themselves in readiness for instant service.

Benjamin Gerhardt, of San Francisco, en route to Germany, died in Jersey City yesterday.

Cholera is raging at Hanoi, the capital of Tonkin.

A large force of Chinese has invaded Annam against the French.

In the mile and an eighth race at Louisville yesterday, Baldwin's Volante came in third, and in the mile and a half contest Lucky B. ran second.

The French were defeated by the Hovas at Tarat, Madagascar, on the 19th inst., after a severe battle.

John Warren, Ark., Monday night, Charles Kymer, Mayor of the town, shot and killed Alexander Aaron, who had attacked him with a razor.

Frightful floods have occurred in British India, destroying an immense amount of property and causing the loss of numerous lives.

James Sumner, of Milton, for Governor.

The State Convention meets today in Springfield.

San Francisco proposes to test in the Courts the right of the State Board of Equalization to raise her assessment rate.

TEACHERS BOOK SYSTEM AND ITS ENEMIES.

The people of this State, by a vote upon a constitutional amendment, emphatically expressed their opinion that it is a wise policy for the State to print its own textbooks for use in the common schools.

That decision was arrived at coolly and after some years of consideration and public discussion of the question. It was arrived at in the face of a pronounced opposition to the scheme by about all the textbook publishers. It was resolved upon in the teeth of a hot and long-winded protest by a convention of teachers in the State, but which body did not embrace all the educators—fortunately, some of the best minds of that class were, as they now remain, sincere friends of the new plan. When the people thus decided, the Legislature recognized its duty to be to give effect to that expression of will on the part of the sovereign power, and proceeded to pass the necessary laws to that end.

It became the bounden duty of every official of the State to subordinate his private and personal views to that will, and do all that his duty in office required of him to carry into full and economic effect the scheme upon which the people had resolved. Any official who cannot conscientiously do this, owes it to himself and to the people to resign and give place to some other and more obedient servitor of the public will, or at least to decline to act in opposition to it. The carrying out of the details of the book scheme is committed to the State Board of Education. That body embodies in its membership Professor Allen, of the State Normal School at San Jose. Prior to the adoption of the constitutional amendment Professor Allen was recognized as an open opponent of the proposed system. He was himself a school-book author, and he had come before the public as such, through the medium of private publishing houses. It did not follow of necessity that he was therefore incapacitated to honestly serve the State in furtherance of its new scheme—the old resistance he sustained to the question did not of necessity impeach his capacity and honesty of purpose in forwarding that scheme. But from the time that the Board took up the question, Professor Allen has not concealed his want of faith in it, and has not, as we judge his acts and expressions, since then aided to forward the scheme. Whether his former or present relation to the book scheme has anything to do with his attitude, becomes therefore a legitimate topic for consideration. But we do not propose to impugn his motives. We are perfectly willing to accord him sincerity in his views, but we do most emphatically question the propriety of his manifesting them while a member of the Board. If Professor Allen cannot conscientiously and earnestly labor to give the new plan a thorough and undivided trial, he owes it to himself and to the people who salary him to resign. He will scarcely venture to question or dispute the charge that he is unfriendly to the new plan. If he were driven to answer we believe he would manifest his honesty by admitting that he looks upon it as chimerical, as uneconomical and bad policy, and that he has not labored to give it a full and impartial trial. Holding such views, it is improper for him to sit upon the Board. We do not believe that we mis-judge Professor Allen when we say that from the beginning his influence upon this matter in the Board has been adverse to the system, and that his acts and expressions have testified to the fact. We do not believe that the other members of the Board look upon him as cordially helping them in a work they are honestly striving to carry out to its best possible

end. It is an open secret among educators that Mr. Allen is an opponent to the system, and it is known that book publishers look upon him in the same light. The State has a right to have its affairs administered by the friends of the system of government it adopts. If Professor Allen is misguided in this regard, it is a most remarkable mistake on the part of those who have observed his course, and have drawn conclusions from premises that appear to be undeniable.

There is no need that the enemies of the industry of private book publishing or book authorship should be the administrators of the State school-book system, but it is essential that such administration should be friendly to that system, and willing to give it a full, free, fair and wholly untrammeled trial. It may be very difficult to some men to assume the judicial attitude, but he who cannot do so should not attempt to occupy a position that demands it, but should abandon it forthwith.

INJUNCTIONS ASKED.

Sitting still and "howling" about the damages inflicted by hydraulic mining upon valley lands and river navigation accomplishes nothing. If the valley cause is right, as it is, faith in it should be made manifest by works. It is therefore an eminently proper thing for Sacramento county to do as it has done, and bring actions against the hydraulic mining associations upon the Cosumner river. If litigation is to bring about the salvation of the valley, the sooner it is pushed in every case to final judgment the better. The principle for which the people of the valley contend has been settled already by the Courts. It remains now but to make it applicable to every case where injury is being inflicted. The next step should be to enjoin every hydraulic mine upon the American river. Wenonah with satisfaction that the movement to appeal to the Government for its interference also gains strength, and is now nowhere obstructed. The people have gone to the Courts and stopped the evil in every case where an issue has been made. The Government should not ask that it takes burden upon itself before it parts with the reclamation of the river. The next step should be to enjoin every hydraulic mine upon the river. Wenonah with satisfaction that the movement to appeal to the Government for its interference also gains strength, and is now nowhere obstructed. The people have gone to the Courts and stopped the evil in every case where an issue has been made. The Government should not ask that it takes burden upon itself before it parts with the reclamation of the river. The next step should be to enjoin every hydraulic mine upon the river.

THE VACANCY FILLED.

New York, September 29th.—The crowd to-day which witnessed the opening game between the New York and Chicago ball clubs, for the possession of the national pennant, was worthy of the occasion. It was a grand affair, with the players in the uniforms of the two leaders in the League race. The skies were threatening rain, but the game began to fall as fast as the first few balls were hit, but it did not interfere in the play with the progress of the game. The crowd was evenly balanced, as the visitors had hosts of admirers present, many of whom had journeyed from the East to see the game, very many of the leading Eastern and Western newspapers had representatives present. The crowd cheered New York whenever they made good play, but became more frantic in their enthusiasm when the Chicago began their run-getting, and when the last man of the opposing club went out. The New York Club appeared on the field preceded by the brilliant band of the city, and the crowd was greatly interested in the performance of the Democratic party ticket in the Federal Government? We reply not at all, as the Cleveland Administration will stand or fall on its popularity with the nomination and election of Cleveland, and the respondent, who declares himself a lifelong Democrat, who voted for Cleveland, is glad of it, asks us.
